### Collaterals

- Map of ULAR Watershed Area with point of contact

\* Combined effort with CWH

**SAFE CLEAN WATER PROGRAM**  
Los Angeles County Public Works Headquarters,  
1st Floor (Courtyard), Conference Room C  
900 South Fremont Avenue Alhambra, CA 91803

**SCIENTIFIC STUDY WORKSHOP**  
*preSIP: A Platform for Watershed Science and Project Collaboration*

Wednesday, April 25, 2023  
9:30 AM to 11:00 AM

Join us at the LA County Public Works Headquarters in Alhambra for a workshop with Craft Water Engineering engineers and planners as they present findings from their Safe, Clean Water Program-funded scientific study.

**SPEAKERS**  
**craft water engineering, inc.**  
Brad Wardynski, PE

The objective of this scientific study was to develop a technical platform for the WASC to use to design a balanced, defensible, and collaborative SIP built from a comprehensive portfolio of project opportunities and (2) a system to analyze potential program-wide benefits.

9:30am - 9:45am - Registration and Welcome  
9:45am - 10:45am - Workshop Session  
10:45am - 11:00am - Q&A and Closing Remarks

**Show Love for Your Watershed**

This February our Watershed Coordinators wanted to share how they show love for their watershed. Check out what they said below!

**ENVIRONMENTAL OUTREACH STRATEGIES**

**How Do You Show Love for Your Watershed?**

"I show love for my watershed by sweeping up leaves and trash in..."

New Safe, Clean Water Program Website | Important Information | In the News | In the Community | Upcoming Events

### New Safe, Clean Water Program Website

*In case you missed it, here's the official announcement from the Safe Clean Water Program:*

We are excited to announce the launch of the new website for LA County's Safe, Clean Water Program. This website represents a significant step forward in our commitment to transparency, accessibility, and collaboration.

Visitors to the site will find information about Program investments, initiatives, and progress, as well as resources for getting involved and making a difference in our community.

[VISIT SAFECLEANWATER.ORG](https://www.safecleanwater.org)

### Dive into the Features

[Upper Los Angeles River Dedicated Page!](#)

As part of our commitment to collaboration, we have added dedicated pages for each Watershed. Learn more about your watershed, find local events, and check out the projects that are making a difference in your community.

[Find Your Watershed Tool](#)

Learning about your watershed and connecting to the people bringing safe, clean water to your community is now just a click away. The Find Your Watershed Tool makes it easy to determine which watershed you live in and connect with local Watershed Coordinators so you can be a part

# Thank you
