- Watershed Planning Workshop with the SCWP Watershed Coordinators

# RURAL WATER SUPPLY RELIABILITY PROGRAM

**APPLY NOW!**

**WHAT:** The Rural Water Supply Reliability program can *reimburse residents in Acton and Agua Dulce for recent hauled water costs*. There are also opportunities to *receive a free water storage tank* to have extra water on hand and a *free professional well assessment* to determine what is needed to improve a dry or underperforming well.

**WHO:** Private well owners in Acton and Agua Dulce, CA who are experiencing dry wells or reduced well production,

Any household or non-government property using a well is eligible to apply. Priority will be given to properties that have to go without well water the longest annually, as well as household income considerations.

**\*\*\* *The deadline to submit this application is December 31, 2024* \*\*\***
