# 1. Activities

---

## Ongoing participation in working groups/meetings:

- **Schools and Stormwater working group**
- **Tribal Allyship working group**
- **Post-Fire working group**
- **Monthly Watershed Coordinator meetings**
- **Regional Oversight Committee meetings**

Upper San Gabriel River Watershed Area

### Safe, Clean Water Program Call for Applications for the Regional Program!

In 2018, citizens within the LA County Flood Control District voted to create the Safe, Clean Water Program (SCWP), which is designed to clean and conserve billions of gallons of stormwater that would otherwise be lost to the ocean when it rains.

The SCWP advances stormwater initiatives that improve water quality, increase our local water supply, and provide community benefits, like green spaces and parks. Each year, the Regional Program of the SCWP accepts applications to fund infrastructure projects, scientific research, and technical assistance. Details of all successful projects can be found in our [Projects Map](#).

Click [HERE](#) to learn more about the application process and access important references & resources. If you need assistance, [Watershed Coordinators](#) are available to support and educate applicants on every step of the process, from application to implementation.

Once you're ready, your application can be submitted through the [Safe, Clean Water Portal](#)! For any questions, please contact the SCWP Watershed Coordinator, James Cortes at [james@godayone.org](mailto:james@godayone.org).

**Applications are due July 31, 2025!**

## San Gabriel Mountains Community Walk

Sunday, May 18th, 2025  
Azusa Wilderness Park

Join us for a walk along the San Gabriel River to connect with community and discuss how we can protect our water sources and mountains.

Level of Difficulty: Beginner  
Time: 9:30-11:30am  
100 N. Old San Gabriel Canyon Rd, Azusa.
