CAUTION: External Email. Proceed Responsibly.

Dear Steering Committee for the Rio Hondo Watershed Area,

As a Pasadena resident, I'm writing to express my strong support for selecting Active San Gabriel Valley as the Rio Hondo Watershed Coordinator. Active SGV is an excellent organization, advancing numerous projects in the San Gabriel Valley including the SGV Greenway Network, the Merced Avenue Green street in El Monte, and numerous other projects that support human and environmental health. I believe their ability to conduct outreach and education in numerous communities in the San Gabriel Valley is second to none and the role of watershed coordinator aligns perfectly with the work they already do. I encourage you to select Active SGV. Thank you.

Sincerely,

Colin Bogart
