

Melina Sempill Watts, Watershed Coordinator August 14, 2025

Noa Rishe Khalili indicated that to keep California Coastal Conservancy funds which cover 90% of design and all of restoration design, California State Parks needs 2 Million for office, permeable parking lots, biofiltration, sewage piping, package sewage treatment **THANK YOU:** Bruce Hamamoto, Alberto Grajeda + Gabriel Zavala did a run through draft app to see if subsection of Topanga Lagoon Restoration could get to a 60 point score on SCCWP IP

RCDSMM started... did not submit IP
