

LOWER LA RIVER WATERSHED COORDINATOR

WASC Meeting April 2026

MARCH UPDATES

OUTREACH

- Continued to focus on school greening outreach and connected with **Adriana Garcia from Los Angeles Land Trust (LANLT)** as they're currently working on community engagement in some schools in Long Beach.
- Met with **LA County Parks and Recreation** to learn more about Compton Creek Phase III.
- Tabled in one of the cities we've been trying to reach for long time, **Huntington Park.**

SUPPORT

- Worked with **WELL (Water Education for Latino Leaders)** to discuss collaboration on their school greening workshop.
- Attended the **SCW Water Foundation Convening** to support grantees and learn how their educational programs are coming along.
- **Participated in the Annual Symposium, ReDesigningLA Together**, that brought together community leaders, environmental experts, tribal groups and government agencies

ReDesigningLA Together

Lessons From a Decade of Partnerships

We Are Water/ Somos Agua Community Event

We Are Water // Somos Agua

An art exhibition about water, the memory it holds, the life it sustains, and the collective responsibility to protect it.

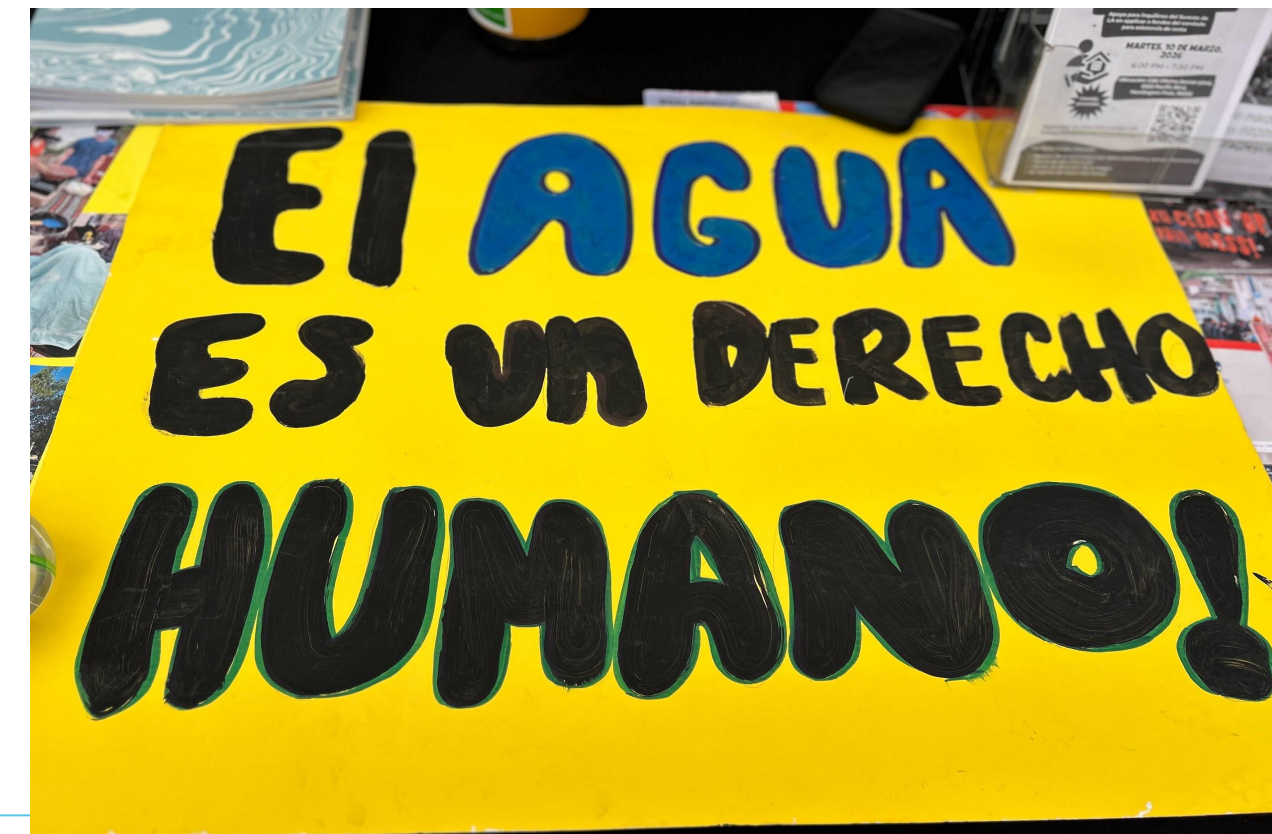

Una exposición de arte sobre el agua, la memoria que guarda, la vida que sustenta y la responsabilidad colectiva de protegerla.
