

Proposed Unincorporated County Regional BMP Project Wagon Road Low Flow Diversion

○ **Project Scope**

To divert urban and stormwater runoff from nearby unincorporated communities to the sanitary sewer system for treatment before release or reuse.

○ **Project Benefits**

The project will improve water quality by reducing dry weather pollutants such as bacteria from entering Malibu Creek and the ocean.

○ **Project Location**

- Near 29095 Wagon Rd., Agoura Hills, CA 91301

○ **Cost Estimate**

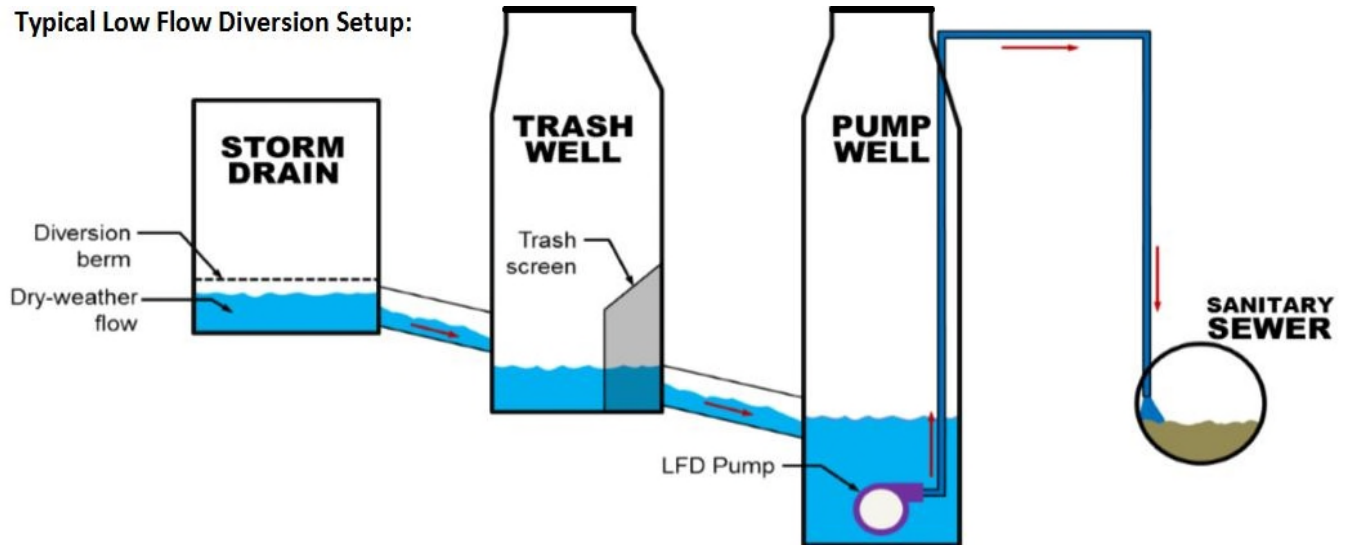

- Total Project Cost: \$1.7
- Drainage Area: 100% UA

○ **Tentative Milestone Schedule**

- Currently – Planning Phase
- 2018 – Complete Project Concept Report
- 2018 to 2019 – Prepare Design Plans
- 2019 – Construct Project
