Adventure Park Multi-Benefit Stormwater Capture Project

- **Project Scope**

  The project will divert urban and stormwater runoff from nearby unincorporated County communities into an underground storage and water treatment system for landscape irrigation reuse. The project will also include above ground landscaping, Low-Impact-Development features, and educational signage.

- **Project Benefits**

  The project will improve the quality of our rivers and ocean, increase local water supply through the use of an alternate source of water, provide community enhancements such as seating, walking paths, drought tolerant landscaping and provide educational and outreach opportunities.

- **Project Location**
  - Adventure Park (10130 Gunn Ave, Whittier, CA)
    - Cross Street: Gunn Ave and Light St

- **Project Facts**
  - Total Project Cost (preliminary): $24 M
  - Potential Partners: City of Whittier
  - Drainage Area: 6,985 Acres

- **Tentative Milestone Schedule**
  - Early 2019 – Complete Project Concept Report
  - Early 2020 – Complete Design Plans
  - Mid 2020 – Begin Construction
  - Late 2021 – End of Construction
