**RE: Safe, Clean Water Program**

Dear Supervisor Barger,

I am writing to express my gratitude for your leadership in the development of the proposed Safe, Clean Water Program and to offer my support on the Draft Program Elements and Ordinance.

As Vice Mayor of the City of Alhambra, I am aware of the urgent need for our city to secure a stable stormwater water quality funding source, and also recognize the importance of increasing local water supply and investing in our communities.

I support Los Angeles County's Safe, Clean Water Program because it ensures safe and clean water for future generations. The time to act is now. We must seize this opportunity to secure our water future and address water pollution issues that will only worsen and cost more over time.

I urge the Los Angeles County Board of Supervisors to place this much-needed funding measure on the November 2018 ballot to increase water supply and improve water quality by capturing and cleaning stormwater.

Sincerely,

Luis Ayala  
Vice Mayor  
City of Alhambra
