

Safe, Clean Water Program

Watershed Area Steering Committee

Upper San Gabriel River

Date Thursday, January 30, 2020
Time 1:00pm – 3:00pm
Location LA County Sanitation Districts
1955 Workman Mill Road
Whitter, CA

Agenda:

- 1) Welcome and Introductions
- 2) Approval of Meeting Minutes from January 13, 2020
- 3) Committee Member (including ex parte communication) and District Updates
- 4) Public Comment Period
- 5) Discussion Items:
 - a) IP: Pedley Spreading Grounds Project (East San Gabriel Valley Watershed Management Group)

Presentation by Alexis Holmdal and Ed Othmer (Stantec). This project proposes to deepen existing basins at the Pedley Spreading Grounds in order to accommodate 1.3 acre-feet of stormwater from a 45.8-acre drainage area during the 85th percentile, 24-hour storm.
 - b) IP: Garvey Avenue Grade Separation Drainage Improvement Project (City of El Monte)

Presentation by Ed Suher (CASC Engineering and Consulting). The project proposes a new storm drain and infiltration system (galleries beneath street) to alleviate local

Accommodations to assist persons with disabilities are available if requested at least three business days prior to the Committee Meeting. Late requests will be accommodated to the extent feasible.

Requests for accommodations may be made to:
SafeCleanWaterLA@pw.lacounty.gov or by telephone, to 833-ASK-SCWP

Supporting documentation will be available at the Committee meeting location and on the Safe, Clean Water website at www.safecleanwaterla.org

flooding. An additional design objective is to improve the water quality of the San Gabriel River by capturing pollutants from low flows and stormwater runoff from rain events.

- c) TRP: MacLaren Hall Property Park and Sports Field Concept Project (City of El Monte)

Presentation by Ed Suher (CASC Engineering and Consulting). The project concept seeks to develop the MacLaren Hall Property (a former LA County Child Services Facility) into a park and sports fields complex. Water quality improvements could include diverting some of the off-site runoff from the nearby storm drain into the park for infiltration and landscaping improvements to beautify the park and sports field complex.

- d) TRP: Brackett Field Stormwater Infiltration Project (East San Gabriel Valley Watershed Management Group)

Presentation by Alexis Holmdal and Ed Othmer (Stantec). This project proposes to install an underground infiltration gallery within Brackett Field Municipal Airport in order to infiltrate 15.5 acre-feet of stormwater from a 321-acre drainage area during the 85th percentile, 24-hour storm.

- e) TRP: Fairplex Regional Stormwater Project (East San Gabriel Valley Watershed Management Group)

Presentation by Alexis Holmdal and Ed Othmer (Stantec). This project proposes to install an underground infiltration gallery within the Fairplex's Grandstand Field in order to infiltrate 31 acre-feet of stormwater from a 488-acre drainage area during the 85th percentile, 24-hour storm.

6) Voting Items:

- a) None

7) Items for next agenda

8) Adjournment

**Next Meeting: Monday, February 10, 2020 1:00pm – 3:00pm
LA County Sanitation Districts
1955 Workman Mill Road, Whitter, CA**
