SAFE, CLEAN WATER PROGRAM
2021-2022 GENERAL INCOME-BASED TAX REDUCTION FORM

*** For FY21-22 only, this application and attachments must be submitted and postmarked by May 1, 2021 ***

Per Section **16.10.C** of the Los Angeles County Flood Control District Code: “The Chief Engineer shall work with stakeholders to develop and implement a general income-based tax reduction program including implementation procedures and guidelines for the program and shall update those implementation procedures and guidelines from time to time, consistent with the purposes and goals of the SCW Program, as the Chief Engineer deems necessary or appropriate for the effective operation of the program”

Individuals that both own and reside on a residential parcel within the District, are head of household or are the sole providers of maintaining the costs of the home, and whose household income does not exceed the Very Low-Income or Extremely Low-Income limits reflected in the following table, may apply for a reduction from the Safe, Clean Water Program Special Parcel Tax. The reduction amount is a percentage based off the income limits and number of persons in the household shown in the table below. For individuals that fall below the income threshold and are not required to file a Federal or State Income Tax Return, alternative documentation will need to be provided to show that income falls below the income threshold (such as but not limited to Social Security forms, W-4 showing tax exempt status, etc.).

A General Income-Based Tax Reduction Form must be submitted on an annual basis and no later than May 1 of each fiscal year. The Fiscal Year (FY) is equal to the Tax Year, running July 1 through June 30.

Income limits applicable to the General Income-based Reduction for FY 2021-22 are shown in the table below.
