Safe, Clean Water Program- Pathway to Inclusion in a Regional Water Management Plan

This document provides two pathways for SCW Project Applicants to include a proposed project or concept to the E/WMP and GLAC IRWM.

**Enhanced Watershed Management Plan (E/WMP) inclusion:**
- Project Proponents should contact the lead agency for the various Watershed Management Programs and Enhanced Watershed Management Programs. (see California Water Boards link below, and attached Lead Agency Table)
- Applicants will need to provide information about their project or concept, such as: location, type of project, drainage area, BMP capacity, description, and status
- New projects can be included in the adaptive management section of the EWMP Annual Report or the resubmittal of the WMP and EWMP.
- The adaptive management of the Annual Report is due December 15 of every year. The resubmittal of the E/WMP is allowed at any time, with the next MS4 Permit required resubmittal in June 2021.
- For more information, please visit the California Water Boards – Los Angeles Area Website.

**Greater Los Angeles County (GLAC) Integrated Regional Water Management (IRWM) Plan inclusion:**
- Project Proponent must sign-up through the GLAC IRWM OPTI Webpage to become a new OPTI user in order to include a new project.
  - Under the “Home” tab along the top, select “Projects,” click the “Submit/Modify Project” button, then login or create an account to begin
- Project Proponents must complete all the required project information fields in the OPTI Database.
- The OPTI Subregion and LACFCD Administrators will be alerted of a new project entry.
- OPTI subregion Administrators may request proponent to attend subregion meeting to present the project to its members and stakeholders and answer any questions presented.
  - If project is determined to support the IRWM Plan objectives and there are no issues or concerns with the project, the subregion voting members cast vote to accept project as part of the IRWM Plan. Proposed SCW Projects need only appear in the OPTI database.
  - Upon approval, the OPTI subregion Administrator completes OPTI information that verifies acceptance of project as part of the IRWM Plan and the project becomes eligible for consideration for inclusion in future funding proposals.
- **Proposed SCW Projects do not need to wait for a cyclical IRWM Plan update. If the proposed project is in the OPTI database, it is effectively in the plan.**
- Subregions - OPTI Administrators:
  - LLA-LSG – Esther Rojas – E-mail: erojas@wrd.org
  - ULAR – Art Castro – E-mail: art.castro@ladwp.com
  - NSMB – Dave Roberts – E-mail: droberts@lvmwd.com
  - South Bay – John Dettle – E-mail: jdettle@TorranceCA.Gov
  - USGR – Randy Schoellerman – E-mail: Randy@wqa.com
- **LACFCD - OPTI Administrators:**
  - Amanda Guzman-Perez – E-mail: aguzmanperez@dpw.lacounty.gov
  - Giles Coon – E-mail: GCOON@dpw.lacounty.gov

**Description**

**Project Description**

Project Type: 

If other, specify type: 

Check all project components that apply:
- Property Acquisition
- Plan Development
- Study
- Non-Construction Implementation

Please provide a 1 - 2 paragraph description of the project including the general project concept, what will be constructed/implemented, how the constructed project will function, and treatment methods, as appropriate. (1024 characters maximum)*

If applicable, supply up to three watersheds associated with the proposed project:

If applicable, supply up to three groundwater basins associated with the proposed project:

Is the proposed project an element or phase of a regional or larger program?  
Yes

Please identify up to three available documents which contain information specific to the proposed project (Project Sources). Additionally, upload documents by selecting "Attachments" from the top menu bar, and clicking "Add".

**Project Partners**

**Other Stakeholders**

**Benefits**

**Resource Management Strategies**

A Resource Management Strategy (RMS) is a project, program, or policy that helps local agencies and governments manage their water and related resources. 

Please check all Resource Management Strategies that apply.

- Reduce Water Demand
- Improve Operational Efficiency and Transfers
- Increase Water Supply
- Improve Water Quality
- Improve Flood Management
- Practice Resources Stewardship
- Other Strategies
Benefits

Benefits describe the "end state" of activities that support the overall vision.

Please select the primary benefit provided by the project *

- 1. WATER SUPPLY / GROUNDWATER: Project information provided will help to quantify water supply benefits from enhanced local water supply or reduced potable water demand.
- 2. WATER QUALITY: Project information provided will allow the IRWMP to access water quality benefits to stormwater runoff, wastewater effluent, and receiving waterbody. If surface water detention and groundwater recharge are an additional project benefit, please provide information in the Water Supply Benefit section.
- 3. HABITAT, OPEN SPACE AND RECREATION: Project information provided will help to quantify the benefits associated with projects that create or expand habitat, open space and/or recreation.
- 4. FLOOD: Project information provided will help to quantify the benefits associated with projects that reduce flood risk.

Please provide an explanation of the primary benefit selected above:

Does your project help the region meet additional benefits? Please select all that apply.

- 1. WATER SUPPLY / GROUNDWATER: Project information provided will help to quantify water supply benefits from enhanced local water supply or reduced potable water demand.
- 2. WATER QUALITY: Project information provided will allow the IRWMP to access water quality benefits to stormwater runoff, wastewater effluent, and receiving waterbody. If surface water detention and groundwater recharge are an additional project benefit, please provide information in the Water Supply Benefit section.
- 3. HABITAT, OPEN SPACE AND RECREATION: Project information provided will help to quantify the benefits associated with projects that create or expand habitat, open space and/or recreation.
- 4. FLOOD: Project information provided will help to quantify the benefits associated with projects that reduce flood risk.

Describe any steps taken to provide multiple benefits from your project:

**Other Considerations**

**Disadvantaged Communities (DAC)**

Does your project help to address critical water supply and water quality needs of DACs within the region?  

- [ ] No  
- [ ] Yes

If so, how?  

What Community(ies)?  

How were the DACs included in the planning or development of the project?
### Environmental Justice (EJ)

Does the project consider [environmental justice](#)? (Does the project redress inequitable distribution of environmental burdens and access to public goods?)

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
<th>If so, how?</th>
</tr>
</thead>
</table>

### Native American Tribal Communities

Does your project help to address critical water supply and water quality needs of Native American Tribal Communities within the region?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
<tbody>
<tr>
<td>If so, how?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>What tribe(s)?</td>
<td></td>
<td></td>
</tr>
<tr>
<td>How were the tribe(s) included in the planning or development of the project?</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### Integrated Regional Water Management Plan Adoption

Has the implementing organization adopted or plan to adopted the Greater Los Angeles County Integrated Regional Water Management Plan?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
</table>

### Climate Change/Greenhouse Gas Emission Reduction

Does (will) your project consider and/or address the effects of climate change on the region?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
</table>

Does (will) your project reduce greenhouse gas emissions?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
</table>

### Performance, Monitoring, and Data Management *

What data will be collected from the project or monitoring of the project?

| How will the data be disseminated/shared with the region? |
| How will the data be maintained? |

### Ahwahnee Water Principles (encouraged)

Are you aware of *Ahwahnee Water Principles*?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
</table>

Did you consider the Ahwahnee Water Principles in the development of your project?

<table>
<thead>
<tr>
<th></th>
<th>No</th>
<th>Yes</th>
</tr>
</thead>
</table>

### Statewide Priorities *

The Statewide Priorities are DWR Integrated Regional Water Management Priorities and are often linked to funding opportunities. Please check all the Statewide Priorities you considered in the development of your project. See Table 1 in [Prop 84 WRM Guidelines](#) for more information.

- [ ] Drought Preparedness
- [ ] Use and Reuse Water More Efficiently
- [ ] Climate Change Response Actions
- [ ] Expand Environmental Stewardship
- [ ] Practice Integrated Flood Management
- [ ] Protect Surface Water and Natural Resources
- [ ] Ensure Equitable Distribution of Benefits

### State Program Preferences *

Please check which of the state preferences the project would support. PRC ? 75026.(b) and CWC ?10544 state that preference will be given to project proposals that:

- [ ] Include regional projects or programs (CWC ?10544)
- [ ] Effectively integrate water management programs and projects within the Region
- [ ] Effectively resolve significant water-related conflicts within or between regions
- [ ] Address critical water supply or water quality needs of disadvantaged communities within the region
- [ ] Support the effective integration of water management with land use planning
- [ ] For eligible storm water and flood management funding, projects which provide multiple benefits, including, but not limited to, water quality
improvements, ecosystem benefits, reduction of in stream erosion and sedimentation, and groundwater recharge

**Project Completion**

- **Project Completion Date**
  - Estimated Completion Date: 
  - Actual Certified Completion Date: 
  - Completion Date Based on: Select
  - If other, please specify:

---

**Final Total Project Cost**

- **Actual Total Cost:** 

---

**Final Funding Sources**

- **Amount:** Include the monies (excluding portion contributing toward required Match) received from each type of funding source.
- **Match:** Include the portion of the funding that is being used towards the required match.
- Both Subtotals will automatically be added to reflect the **Total Project Cost**.

--

**Benefits**

- **Projected Primary Benefit:** 
  - Was there a change to the projected primary benefit listed above? [ ] No [ ] Yes
  - If Yes, please identify revision made to the primary benefit and include reason for the change:
