

SB552 Information Workshop Recording and Materials

Thank you for your interest in the virtual information session on Senate Bill 552 and what is required of Small Water Suppliers in North LA County held on September 26, 2023.

A recording and presentation slides are now available at [the WaterTalks website](#).

The session included participants from the state and county to help answer questions. This event was made possible by CA Proposition 1 and the Upper Santa Clara River IRWM WaterTalks Program.

For this session, Small Water Systems included mobile home parks, camps, mutual water companies, and other facilities that manage water supply and wastewater for at least 15 connections up to 3,000.

Best regards,
Amanda
